

Let's play with play dough

©Kath Bee 2010

Let's play with play dough, where shall we begin?
Put it in your hand, feel it on your skin
Touch it on your cheek, touch it on your nose
Stretch it out wide, see how big it grows

CHORUS (echoed)

I love play dough (I love play dough)
Squishy squashy play dough (Squishy squashy play dough)
Soft, cool play dough (Soft, cool play dough)
Play dough is the best! (Play dough is the best!)

Now let's make a sausage, that turns into a snake
That turns into a worm, for goodness sake!
Let it dangle down, it could be a tail
Roll it up like a hose it could be a snail!

CHORUS

Now let's make a ball, round and round we roll
Poke it with your finger, to make a little hole
Break it into two, squash it back to one
And don't forget to put the lid on, when you're done!

CHORUS
