CHORUS

C*O*O*P*E*R*A*T*I*O*N Cooperation, cooperation

C*O*O*P*E*R*A*T*I*O*N Cooperation, cooperation

C for the courage it takes to ask someone to help you out
O for taking it off your shoulders and spreading the load about
O for the opportunity of working with others too and
P for the part each person plays in seeing the project through

CHORUS

E for excitement and enthusiasm when the job is getting done
R is when you realise it might be better with more than one
A for all your friends and allies also pitching in
T for talking through the tasks before you each begin

CHORUS

I for individuals with ideas and information
O for being organised enough to run the operation
N for nothing left to say except it's nifty and it's neat
Working together and helping each other well it's really kind of sweet
