

Water in Me

©Kath Bee 2010

Water dripping from the trees
Water rising to my knees
Water in the lakes and seas
Water in me

Water falling from the sky
Waterfalls from way up high
Water flowing easily
Water in me

CHORUS

Water to quench my thirst
Or floods that threaten banks to burst
Ocean waves caress the shore
And of its power I'm in awe
Water in me
Water in me (x3 at end)

With the moon tides rise and fall
We have no control at all
Water is what it will be
Water in me

CHORUS
