

We go to the Beach

©Kath Bee 2010

We go to the beach
We take a towel each
We might eat a peach
We go to the beach

We're jumping like frogs
We find hollow logs
We put on our togs
We're jumping like frogs

We run to the sea
It goes over our knee
It's warm when you wee
We run to the sea

We splash and we swim
You me and him
And someone called Tim
We splash and we swim

Our feet touch the ground
Adults are around
So we're safe and sound
So our feet touch the ground

We shiver a lot
But pretend to be hot
When we're really not
We shiver a lot

"It's time to get out"
Our parents they shout!
"Enough mucking about!"
"It's time to get out"

We get warm and dry
Sunblock in my eye!
But I'm not going to cry
We get warm and dry

Time for something to eat
Salad sandwiches sweet
Ice cream for a treat
It's time to eat

Build a castle of sand
Everyone lends a hand
Be careful, don't stand
On our castle of sand

Collect feathers and stones
And shells and bones
And a few unknowns
Collect feathers and stones

We don't want to go
The sun's getting low
Pack up really slow
We don't want to go

We went to the beach
We took a towel each
Did not eat a peach!
We went to the beach
