

CREATIVE RHYTHM

©Kath Bee 2002

Clap your hands, stamp your feet
That's the start of a really cool beat
Click your fingers and clock your tongue
The rhythm has just begun

Clap your hands, stamp your feet
The rhythm has just begun

Did you know that a box filled up with rocks
can make a really cool sound?
You can even make a noise with a couple of sticks that you pick up
off the ground!

Clap your hands, stamp your feet
Click your fingers and clock your tongue
A box of rocks, a couple of sticks
The rhythm has just begun

Did you know that knives and forks and spoons
can make an interesting sound
And the best place for an instrument
is the pot cupboard I have found

Clap your hands stamp your feet
Click your fingers and clock your tongue
Knives and forks, pots and pans
The rhythm has just begun

BRIDGE

Come on be creative, that's what music is all about
With your ears and eyes you can improvise
and find rhythm all around your house!

Clap your hands, stamp your feet
Click your fingers and clock your tongue
Clap your hands stamp your feet
The rhythm has just begun
