INTRO: The world only works 'cos it's made up of all sorts

## CHORUS

Everybody's good at something and it doesn't matter what it is

It could be Maths, or climbing a wall, it could be kicking a rugby ball

It doesn't really matter what it is at all, cos everybody's good at something

I'm not one of the best at any kind of sport

But I'll have fun even though I know I'm not exactly the sporty sort

There's something I do best in a classroom situation

Subtraction, addition and yep, you guessed it! I'm a wiz at multiplication

## CHORUS

At reading and writing time I often finish last

But it doesn't worry me because I know I'm not very fast

I'll take my time and finish it with pride and determination

Then I'll get onto what I REALLY love doing! My own artistic creation

## BRIDGE

You can do this, I can do that, she can do this, he can do that

I can get better if I practice this, you can get better if you practice that

The world only works cos it's made up of all sorts

## CHORUS

I haven't quite got the knack of buttons and shoelaces

My fingers get caught up and I make lots of funny faces

There's something I do best without any hesitation

At making people laugh and cheering people up

I've got a great reputation!
