

## Busy, Busy, Buzzy Bee

©KathBee2017

Busy, busy, buzzy bee  
Busy buzz buzz buzzing 'round the tree  
Busy, busy, buzzy bee  
Gathering nectar for your Queen  
A little here, a little there  
Spread a little pollen everywhere  
To help new trees grow  
Busy, busy, buzzy bee  
Without you, there'd be no apples for me

Busy, busy, buzzy bee  
Busy buzz, buzz, buzzing 'round the flowers  
Busy, busy, buzzy bee  
Gathering pollen for your family  
A little here, a little there  
Spread a little pollen everywhere  
To help flowers grow  
Busy, busy, buzzy bee  
You make the world more colourful for me

### CHORUS

Dance your special dance  
Wings move so fast  
Not hurting anyone or anything  
I love you little honey bee

Busy, busy, buzzy bee

Busy buzz, buzz, buzzing miles and miles

Busy, busy, buzzy bee

Carrying your load back to your hive

Flying to and from your home

To fill your perfect honeycomb

For little bees to grow

Busy, busy, buzzy bee

Watching you makes me feel so happy

#### CHORUS

I love you clever honey bee

I love you precious honey bee
