

Unfamiliar Places

©Kath Bee 2010

What's that? What's up ahead or just around the corner

It's a place that you've never been before

What's that? What's up ahead or just around the corner

It's a new territory to explore

Who's that, who's up ahead or just around the corner

It's a face that you've never seen before

Who's that, who's up ahead or just around the corner

It's a personality you can explore

PRE-CHORUS

It's always hard (don't feel alone)

Stepping out of your comfort zone

It's always tough (don't get too stressed)

It's not like you have to pass a test

CHORUS

Unfamiliar places

Unfamiliar faces

It's what makes our world more interesting and opens up our minds

Unfamiliar places

Unfamiliar faces

It broadens our horizons, you don't know who or what you'll find

What's that, what's up ahead or just around the corner

An activity you've never ever tried

What's that, what's up ahead or just around the corner

It's a skill that you haven't yet acquired

PRE-CHORUS

CHORUS x2
