

You Can Be You

©Kath Bee 2016

*You can be you and I'll be me

We can be friends, la de da de*

I like sunny days and rainbows

You like to splash in puddles and squish mud between your toes

Repeat *-*

I like to run on sand with bare feet

You use ingredients and recipes to mix us up a treat

Repeat *-*

I'll put on my batman suit

You put on your fairy wings

We will have adventures you and me

Whatever we choose to be

Repeat *-*

I like cartwheels and handstands

You tell stories about imaginary lands

Repeat *-*

I live way out in the country

You live in an apartment in the city

I'll visit you and you can come to visit me

So much to learn and see

There's no one like you

There's no one like me

That makes the world such a great place to be

Our individuality
