

Making My Way

©Claudia Gunn/Kath Bee 2018

Hey little gecko in the tall, tall tree

I can see you can you see me?

I may look big but I'm only 8, just wait

Don't be shy, I'm not gunna bite

I'm just making my way like you, everyday there's something new

Hey little gecko will you sing with me,

Please little gecko sing with me

Hey little fish in the deep, deep sea

I can see you can you see me?

I may look big but I'm only 8, just wait

Don't be shy, I'm not gunna bite

I'm just making my way like you, everyday there's something new

Hey little fish come swim with me

Please little fish swim with me

Ooooooooooooo

Hey little bird in the blue, blue sky

I can see you with my little eye

I may look big but I'm only 8, just wait

Don't be shy, I'm not gunna bite

I'm just making my way like you, everyday there's something new

Hey little bird can I fly with you

Please little bird can I fly with you?

Ooooooooo

Hey caterpillar in the green cocoon

You're gonna be a butterfly soon

I can see you can you see me? Just wait

Don't be shy, I'm not gonna bite

I'm just making my way like you, everyday there's something new

Hey little butterfly play with me

Please little butterfly play with me

Hey little gecko in the tall tall tree

Hey little fish in the deep deep sea

Hey little bird in the blue blue sky

Hey little butterfly

Hey little gecko will you sing with me

Hey little fish come swim with me

Hey little bird can I fly with you

Hey little butterfly.....we can play too
