

Clean up and Tidy Up

©Kath Bee 2010

CHORUS

Clean up and tidy up and put things away
Clean up and tidy up after you play

Put the blocks in a box, do the jigsaw puzzles and pick up your socks

Pile the soft toys in a pile, how about creating your own soft toy style?

Pick the dress ups off the floor, put the clothes into their allocated drawer

BRIDGE

It makes sense so don't despair
If you make the mess it's only fair
You're the one who has to have all the fun
Of tidying up and feeling proud when it's all done

Stack the books upon the shelf; you can do this all by yourself

The recycling bin for paper scraps, pens and pencils into a pencil case perhaps?

When it's done, check, is it a wrap?
If it looks tidy then give yourself a pat on the back

Because you've cleaned up and tidied up and put things away
You've cleaned up and tidied up 'till next time you play
It's easy to
